RELAXATION RX

Most of us feel too busy to even think about taking time out to relax. But the reality is that regular relaxation is crucial. If we don't stop regularly to "refuel," we risk emotional and physical burnout. Even a small investment of 5-10 minutes a day can have a huge return. This webinar will include demonstrations of relaxation techniques that provide immediate as well as long-term benefits. We'll also learn how to detect burnout "triggers" and discover ways to regain a sense of balance and motivation. You will leave feeling recharged and better able to tackle daily demands.
