Steph is the Vice President of Consulting at Zelle Human Resource Solutions. She works with clients on developing initiatives to improve culture and engagement. Steph has helped clients implement new human resources processes to improve innovation, engagement, profit and loss and process improvement

## SIGNS OF QUIET QUITTING

Although the name may make you think differently, quiet quitting is not the act of quitting—it is simply doing the job as it entails. So why does it sound so intimidating? When our employees do the job we ask of them, participate in work-related activities, and are working during the hours we need...why does it still feel like they are not engaged?

In this session, we will uncover the signs of quiet quitting and determine if this “trend” is truly something to worry about in the workplace and establish strategic initiatives to combat quiet quitting.
